Item 9 (Other items)

Metro Pacific Tollways South Corp. ("MPT South"), an indirect subsidiary of Metro Pacific Investments Corporation, was granted Original Proponent Status by the Department of Public Works and Highways ("DPWH") in relation to its unsolicited proposal for the Cavite-Tagaytay-Batangas Expressway ("CTBEx") Project (the "Project").

The Project, a 50.42 kilometer toll facility, is intended to connect seamlessly with the Cavite-Laguna and Cavitex Expressways of MPTC and is expected to provide congestion relief to Aguinaldo Highway and Tagaytay-Nasugbu road. It is currently configured to have 8 main interchanges and two spur roads, and is estimated to cost approximately P25 Billion and if awarded, will be funded through a combination of internally-generated funds and debt.

The final award of the Project to MPT South will be subject to completion of all regulatory approvals and the Swiss Challenge under existing laws. In view of these requirements, the earliest that the Project can be awarded is during the first quarter of 2019, with construction to proceed soon thereafter.

The foregoing proposal is proof of the group's commitment to support the government's infrastructure program, while remaining mindful of the fact that the group's ability to support new toll projects necessitates the satisfactory resolution of pending tariff issues.

The PSE Disclosure Form 4-30 (Material Information/Transactions) disclosing the above transaction is attached herewith as Annex "A".
