Clarification of News Report

We write with respect to the attached news article entitled "Maynilad to spend P100B to expand, upgrade system" posted in The Manila Times (Internet Edition) on January 25, 2019. The article reported in part that:

"MAYNILAD Water Services, Inc. said on Thursday it had earmarked P100 billion for its water and wastewater infrastructure projects for the next five years.

In an interview, Maynilad President and Chief Executive Officer Ramoncito Fernandez told reporters that about P40 billion of the water concessionaire's capital expenditure (capex) from 2018 to 2022 would be allotted to build wastewater treatment plants and conveyance tunnels.

In a statement, the company said part of that amount — P26.4 billion — would be used to build new sewage treatment plants (STP) and installing sewer lines in the cities of Caloocan, Las Piñas and Muntinlupa, and in Cavite province's Kawit town.

More than half that figure — about P16.3 billion — would be used to lay some 241 kilometers of new sewer lines that would bring wastewater from households to Maynilad's STPs for treatment.

...."

We confirm the information contained in the quoted news article.

We hope to have clarified the quoted news article in the interest of the trading participants and the investing public.
