Clarification of News Report

We write with respect to the news articles posted in various online sites on January 25, 2023. In the attached news article entitled "Maynilad penalized P27M for disruptions" posted in Manila Times (Online Edition), it was reported in part that:

"MAYNILAD Water Services Inc. (Maynilad) has been ordered to pay P27.4 million to customers affected by water service interruptions caused by problems at its Putatan Water Treatment Plant in Muntinlupa City.

Lee Robert Britanico, deputy administrator of the Metropolitan Waterworks and Sewerage System's Regulatory Office (MWSS-RO), told reporters on Tuesday that regulators had determined a total rebate of P27,477,617.12 for customers deprived of uninterrupted 24-hour water services from December 2022 to January 2023.

....

Britanico said the MWSS-RO found that firm had violated its service obligations, and 'we have instructed Maynilad to address the issue and provide 24/7 water to their customers.'

'We are aiming that this rebate will be implemented in the water bills of the affected customers by February. So, the rebate will reflect on the next water bill of the customers,' he added.

Britanico added that regulators were still determining the rebate to be reflected in customer water bills.

....

New treatment plant

As this developed, Maynilad on Tuesday said it was planning to produce an additional 50 million liters per day (MLD) by the end of this year from initial operations of a new treatment plant in Muntinlupa.

In a statement, Maynilad said the new Poblacion Water Treatment Plant (WTP) was 53-percent complete. Once fully operational by the first half of 2024, Maynilad said the facility would have the capacity to produce 150 MLD of potable water for the southern portion of its concession area, particularly Parañaque, Las Piñas, Muntinlupa and Cavite.

....

The Poblacion WTP is part of Maynilad's P220-billion service enhancement program for 2023 to 2027.

...."
