#### Clarification of News Report

We write with respect to the attached news article entitled "MPIC agriculture unit eyes P1 billion revenue in 4 years" posted in philSTAR.com on February 13, 2023, which reported in part that:

"MANILA, Philippines — Metro Pacific Agro Ventures Inc. (MPAV), the wholly owned agriculture unit of Metro Pacific Investments Corp. (MPIC), is targetting P1-billion in revenues in four years, driven mainly by its dairy business.

In a media roundtable, MPAV president and CEO Jovy Hernandez said the agriculture company aims to become a big contributor to the entire MPIC Group 'one step at a time.'

....

'On the dairy side, we committed to double revenues to at least P500 million by 2025... but we have intent to reach the P1-billion level by 2027,' Hernandez said.

....

As for its latest foray into the coconut sector, MPAV intends to grow its contribution to the MPIC group.

'If you compare Axelum to the other businesses of the Metro Pacific Group, it's quite small today. But the intent is, of course, to make this bigger so we can stand toe-to-toe with the hospital business, or Meralco and so on,' MPIC vice president for business development Ryan Jerome Chua said.

....

'Total MPAV target is to hit a certain point in time the P5-billion topline...but at least be a contributor to MPIC,' Hernandez said.

...."

#### Other Relevant Information

We confirm that the management team of MPAV seeks to achieve the targets stated in the news article. MPIC supports MPAV's goal of becoming a significant contributor to the group. However, we also note that these targets are subject to risks and uncertainties that could affect the business and results of operations of MPAV.

We hope to have clarified the quoted news article in the interest of the trading participants and the investing public.
