Clarification of News Report

We write with respect to the attached news article entitled "Maynilad plans IPO before 2027" posted in philSTAR.com on May 15, 2023, which reported in part that:

"MANILA, Philippines — West zone concessionaire Maynilad Water Services Inc. is looking to undertake its initial public offering (IPO) sometime in 2025 or 2026, a year or two ahead of the deadline set by the franchise granted by Congress.

In an interview with The STAR, Maynilad president Ramoncito Fernandez said the water company has started the process for its mandated maiden offering which is targeted in 2025 or 2026.

'Our legislative franchise granted to us by Congress states that we need to offer public offering on or before January 2027,' he said.

'We've started planning. We don't intend to wait for that long, but it will be a process that we have to do and the right timing will be consulted with our shareholders,' Fernandez said.

....

Earlier, the Maynilad chief said the company intends to conduct its IPO after its next rate rebasing cycle.

....

From 2023 to 2027, Maynilad has set a P163-billion spending for infrastructure projects that aim to sustain service improvements in the face of challenges, such as climate change and population growth.

The five-year service improvement plan seeks to enhance water security, environmental sustainability, service expansion and disaster resiliency.

...."

We confirm that Maynilad aims to conduct an IPO before the deadline provided in its legislative franchise, but no definite timeline has been set to date. We also confirm Maynilad's capital spending plan from 2023 to 2027 amounts to approximately Php 163 Billion, consistent with the Business Plan submitted to and approved by the MWSS Regulatory Office and the MWSS Board of Trustees.

We hope to have clarified the quoted news article in the interest of the trading participants and the investing public.

Other Relevant Information

None.
